This controversial and dangerous legislation has been proposed by the most right wing government for generations using small boat crossings as a front for its racism. PCS and Care 4 Calais have proposed a policy which would provide a safe and legal route for those seeking refuge in the UK without the need for dangerous and costly agreements with Rwanda.

Join our Fringe event to discuss how and why it should be implemented and join our campaign for safe passage and to stop the racist and defamatory rhetoric.

Chair: Martin Cavanagh PCS deputy president.

Speakers: Paul O'Connor (PCS) Clare Moseley (Care4Calais) Rogelio Braga (Status Now Network)
