# ISS members in BEIS London to ballot for strike action

Over 100 members working for ISS on the BEIS contract in London are being balloted for industrial action.

Security guards, cleaners, receptionists, porters and post workers are amongst staff being balloted for action.

PCS is in dispute with ISS in BEIS over pay, improvements to conditions and union recognition for PCS.

PCS have also demanded a no compulsory redundancy agreement and meaningful talks around an office move that takes place in the summer.

This ballot is about making the workplace a better paid, safer and more inclusive place for all members to work.

The ballot starts 8 June and closes 29 June.

Members working for ISS on the BEIS Contract should ensure you vote in the ballot.

Vote YES! A strong mandate will strengthen the hand of your negotiators.

If you are not already a member of PCS please [join here](#)
