Tell us how your branch is getting the vote out

With voting still open in our national consultative ballot, the next 10 days are crucial and we want as many members as possible to vote.

We know our reps, advocates and members have lots of creative ways to get the vote out and we need your help to promote voting in your workplace, get members involved and support our campaign.

You can encourage your work colleagues to vote and explain why it's important for them to have their say in this ballot, to [tell us they've already voted](#) and how they can get involved.

You might want to leaflet members at their workplace and ask them if they have voted and mark them off on the organising hub, which you can access in [PCS Digital](#). Or you could reach out to members using social media posts or via Microsoft Teams and ask if they have voted.

It is important that we urge as many members as possible to vote and endorse our campaign before the ballot closes at 12 noon on Thursday 31 August.

If you need campaign materials to help get the vote out, you can [order vote yes materials online](#). You can also access resources to help with getting organised in your branch through [PCS Digital](#).

Not yet a union rep or an advocate and interested in becoming one? You can email organising@pcs.org.uk or you can complete the [short online form](#).

Let us know what you've been doing in your branch. Email editor@pcs.org.uk
