# **Final push for maximum ballot turnout**

We are messaging all members today who have not yet told us they have voted.

A high turnout shows member participation and a strong yes vote will show support for the planned way in our campaign. The deadline to vote in the consultative ballot is 12 noon on Thursday 31 August.

We have been working hard to coordinate information from reps with that received from Civica, the independent scrutineer, but we apologise if you are contacted and have already voted.

There are only three days left in the ballot - vote now!
