Security officers in 149 courts across England and Wales announce four-day strike

PCS members employed by OCS to take action over pay

The almost 500 PCS members employed by outsourced contractor OCS are angry to have been offered just 38p above the National Living Wage – a move that takes them further away from the Real Living Wage than last year.

The action on September 22, 25, 27 and 29 is likely to severely impact the running of 149 courts* across England and Wales.

PCS general secretary Mark Serwotka said: "Members are outraged by the disgraceful actions of OCS in tabling a derisory and insulting pay offer.

"Our members will not pay for a cost-of-living crisis not of their making. Shamefully, OCS have not responded to PCS since the result of the ballot was notified on 31 August.

"This strike action is avoidable, and OCS must now act to table an improved offer or face action that will severely disrupt their operations."
