Start date
4 October 2023 - 10:30
End date
4 October 2023 - 12:30
Location
Online via Teams
Who's it for
PCS learning reps (ULRs)

For Union Learning Reps interested in running regular learning events for members.

The focus is on the PCS [Branch Learning Fund](#) (BLF). The BLF encourages branches to run regular learning events - to support members, and to use the high participation rates of learning events to build your union. Equality, and increasing the activity of under-represented members, is a core part of this.

During the two-hour forum:

- You'll find out how you request a tutor to deliver a learning event to your members
- You'll hear from some tutors about the sessions/courses they can deliver
- .. and from reps who've successfully organised a session
- You'll learn about the new Resources for Learning Reps section on PCS Knowledge, plus the range of new ULR training courses starting this Autumn.

Event Contact

Email learningacademy@pcs.org.uk for any queries.
