A chance to win for Christmas

As the last pay day before Christmas approaches, enter our prize draw for a chance to win a £50 voucher to help with your Christmas shopping.

We are holding a prize draw in the run-up to Christmas where you can win one of four £50 shopping vouchers if you log into [PCS Digital](#) to check and update your details.

If you **log in and update your details before midnight on 10 December** you will be entered into our prize draw.

If we don't have a correct ballot address we can't send you ballot papers to vote in important ballots such as elections for our general secretary or for industrial action. By law, both types of ballots must be postal. We recommend using your home address as your ballot address.

It's also really important for us to have a personal email address for you so we can send you regular updates on our campaigns, newsletters and information on your membership or activity going on in your employer group.

The winners of the draw will be announced and receive their vouchers before Christmas, to help with those last minute gifts or your grocery shopping.

Once you are logged in you will see a green "Confirm details are correct" button in your member record which you can view by choosing My Membership - My Record on the navigation, or click on the Update My Details image on the homepage to go to your record. So, if you have checked and your details don't need amending simply click the button.

Not a PCS member? [Join online today.](#)
