

22 March 2024

Easy to order strike ballot 2024 campaign materials

With our UK civil service ballot underway we need all members and reps to vote and we have a range of materials to order to inform you and help spread the word about the national campaign.

PCS issued pay demands to employers on 19 February for 2024/25 with a deadline of 5 March. Unfortunately, no response was received and now the NEC has decided to proceed with a ballot for strike action.

The ballot covers more than 150,000 PCS members at 171 employers covering most of the civil service and related areas. [Look at the full list of employers included in the ballot.](#)

It's easy to view the materials you need. Simply click on the reference number to preview the materials, then download and share.

To order hard copies complete [the online form](#) and email it to organising@pcs.org.uk quoting the reference number, amount required along with your branch name and code, contact details and the delivery address.
